

YOUR NETWORK HELP DESK

Custom-Built for Your Business

Managed IT Services by Tencom is a total IT management solution where we become your outsourced Help Desk and consultants and manage your entire computer network at one flat rate per month.

By partnering with Tencom you put all of the burden of maintaining your complex computer environment on us while you focus on doing what you do best.

Benefits of Managed IT Services

Professional. Fast, friendly service when you need it.

Experienced. Knowledgeable, diverse and experienced staff.

Proactive. Remote management and monitoring of your IT environment.

Budget friendly. Entire staff for less than the cost of one employee.

Accountable. Owner-managed team of professionals.

Affordable. Discounts on new IT equipment for managed clients.

Full Coverage. Remote, onsite and depot support options.

Connected. Years of vendor relationships to serve most needs.
